Hi Andrew,

Congratulations on your new position! Question for you, could you send me an example of the Enclosure 6 that you included in your ICR?

Melanie,

This morning Penny mentioned that a lot of the section 114 letters that she's been reviewing are quite different and she would prefer that we have some consistency. The attached letter is one that she and David felt was a good example. So, to the extent that you can, please use this as a guide when you compose your CAA 114 letter.

Thanks,

Nick
